Biengella DENGHOU

Social projects manager/Miss leadership 2020 team

I am one of the winner of Miss Leadership Benin 2020. During my experience, I had the opportunity to get access to free trainings on various topics (Leadership, woman right, public speaking, sexual health, sexual harassment, entrepreneurship etc.). One of the essential things that stood out to me is that none of the candidates apply because it is a beauty project, we all apply because each of us would like to become a leader, work on social activities and especially to break the stereotypes about woman in our communities. as manager of social projects, I would like to pass on to other young women what this competition has given me. we have completed our first two activities of the year which are sexual health training and donation in the orphanage. we are looking forward for any support in this adventure.
